## DID WHALES EVOLVE FROM BEARS?

Whales belong to a group of sea creatures called 'CETACEANS,' which includes dolphins, orcas (commonly called "killer whales"), belugas, and those highly unusual narwhals that sport a tusk that looks like a javelin! Charles Darwin, noted guru of evolution, wrote about the whale. He stated "I can see no difficulty in a race of bears being rendered, by natural selection, more and more aquatic... 'til a creature was produced as monstrous as a whale." All this change from land to sea requires "millions of years" of alleged time, time that **cannot undergo the scientific process of observation, testing, or repeating.** Another bit of whale evidence is a 50-foot right whale that was found dead and floating near South Australia, having died of natural causes. It was being scavenged by sharks, and it eventually sank on its own.

This event goes against the typical evolutionary explanation of how fossils form, by something sinking to the bottom of a body of water and gradually getting covered by sediment, as this illustration shows. This article tells how some whales "mysteriously met their end" in one of the "driest places on the planet"! How could this be? The global **FLOOD** of the Bible explains this evidence **PERFECTLY**, how that a bunch of whales could die in the middle of desert!

We at Creation Family Ministries are **NOT** against science. We **LOVE** science! We love **TRUE** science that doesn't involve elaborate, made-up stories such as the hypothetical dog-to-bear-to-whale idea that just doesn't **ADD UP** to actual evidence!

DID WHALES EVOLVE FROM BEARS?

A number of times, God's Word refers to whales. Jesus spoke of the prophet Jonah who was swallowed by a whale, and lived to tell the tale! He said, "as Jonas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth."

Why was Jesus "three days and three nights in the heart of the earth"? **He died for our sins, our violations of His design, and it is through His death, burial, and resurrection that WE can have a relationship with our Creator with full and free forgiveness of ALL sin, and the sure promise of Heaven after this life is over! Have you trusted Him?**
